SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State 748

Sections Filed, December 28, 2005 to May 31, 2006 750

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002-931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Thomson West and is offered by subscription for \$202.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson West.

TITLE 2. DEPARTMENT OF GENERAL SERVICES

NOTICE OF PROPOSED RULEMAKING

The Department of General Services (DGS) proposes to adopt modifications to the regulations described below after considering all comments, objections, and recommendations regarding the proposed action.

PROPOSED REGULATORY ACTION

The DGS proposes to modify the California Code of Regulations, title 2, sections 1896.4 and 1896.12. These sections concern the definitions and eligibility for certification of small businesses and microbusinesses.

The proposed amendments increase the average annual gross receipts limit of \$10 million to \$12 million for eligibility for certification as a small business in California State contracting. It also increases the average annual gross receipts limit of \$2.5 million to \$2.75 million for eligibility for certification as a microbusiness in California State contracting. Additionally the proposed regulation amendment removes reference to Title 13 Code of Federal Regulations that is no longer a valid reference.

PUBLIC HEARING

DGS has not scheduled a public hearing on this proposed action. However, the DGS will hold a hearing if it receives a written request for a public hearing from any interested person, or his or her authorized representative, no later than 15 days before the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested person, or his or her authorized representative, may submit written comments relevant to the proposed regulatory action to the DGS. The written comment period closes at 5:00 p.m. on **July 24, 2006**. The DGS will consider only comments received at the DGS office by that time. Submit comments to:

AUTHORITY AND REFERENCES

Authority: §14837(d)(3) and 14843, Government Code

Reference: §14837(d)(1) and (2), Government Code; §1896.4(q), 1896.12, Division 2 of Title 2 of the California Code of Regulations

INFORMATIVE DIGEST

Government Code section 14837, subdivisions (d)(1), (2), and (3) read as follows:

- (1) “ ‘Small business’ means an independently owned and operated business that is not dominant in its field of operation, the principal office of which is located in California, the officers of which are domiciled in California, and that, together with affiliates, has 100 or fewer employees, and an average annual gross receipts of ten million dollars (\$10,000,000) or less over the previous three years, or is a manufacturer, as defined in subdivision (c), with 100 or fewer employees.
- (2) ‘Microbusiness’ is a small business that, together with affiliates, has average annual gross receipts of two million five hundred thousand dollars (\$2,500,000) or less over the previous three years, or is a manufacturer, as defined in subdivision (c), with 25 or fewer employees.
- (3) The director shall conduct a biennial review of the average annual gross receipt levels specified in this subdivision and may adjust that level to reflect changes in the California Consumer Price Index for all items.”

In November 2005, DGS conducted an analysis of the effect of the California Consumer Price Index for “all urban consumers.” The California Consumer Price Index for “all urban consumers” can be accessed on the Internet at www.pd.dgs.ca.gov/smbus/default.htm. The Legislature first adopted a small business limit of \$10 million in the Statutes of 1998, Chapter 821. The Legislature defined microbusiness with a \$2.5 million limit in the Statutes of 2001, Chapter 882. In accordance with Government Code section 14837, subdivision (b)(3), the DGS shall conduct a biennial review of the average annual gross receipt limits and may adjust that limit to reflect changes in the Consumer Price Index. The objec-

tive of this proposed regulation amendment is to adjust the small business and microbusiness limits to reflect changes in the California Consumer Price Index.

Additionally the proposed regulation amendment removes reference to Title 13 Code of Federal Regulations that is no longer a valid reference.

POLICY STATEMENT OVERVIEW

The purpose of the proposed regulations is to increase the average annual gross receipts limit of small business and microbusiness for certification eligibility to adjust for inflation in accordance with the Consumer Price Index.

DISCLOSURES REGARDING THE PROPOSED ACTION

The DGS has made the following initial determinations:

- Mandate on local agencies and school districts: None.
- Cost or savings to any State agency: None
- Cost to any local agency or school district which must be reimbursed in accordance with Government Code §17561: None.
- Other non-discretionary cost or savings imposed upon local agencies: None.
- Cost or savings in federal funding to the State: None.
- Significant Statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states: None.
- Cost impact on private person or directly affected businesses: The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- Creation or elimination of jobs within California: None
- Creation of new business or eliminate existing businesses within California: None
- Expansion of businesses currently doing business within California: Minimal. The increase may allow additional firms to qualify for the benefits of the Small Business Procurement and Contract Act (Government Code §14835 et seq.) It would further prevent some firms from being

disqualified as a small business or microbusiness if they exceed the current dollar limits.

- Significant effect on housing costs: None.

BUSINESS REPORTING REQUIREMENT

The proposed regulations do not have any reporting requirement for businesses.

PLAIN ENGLISH DETERMINATION AND OVERVIEW

Small Business Determination

The proposed regulations affect small business. The specific effect of these amended regulations is expected to be minimal. The DGS certifies small and microbusinesses so that they can receive five percent preferences on low price State bids and receive prompt payment benefits. DGS estimates it denies certification to between 12 and 24 firms annually that seek certification, but are ineligible without an increase to the average annual gross receipts limit. It is unknown how many firms do not apply for certification due to awareness that their annual gross receipts exceed the current dollar limitations.

Plain English Policy Overview

The objective of the proposed regulations is to increase the limit of average annual gross receipts from \$2.5 million to \$2.75 million for microbusinesses and from \$10 million to \$12 million for small businesses.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5, subdivision (a)(13), the DGS must determine that no reasonable alternative it considered or that has otherwise been identified and brought to the attention of the DGS would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

The DGS invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations at the scheduled hearing or during the written comment period.

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

The DGS will have the entire rulemaking file available for inspection and copying throughout the rulemaking process at its office at the above address. As of the date this notice is published in the Notice Register, the rulemaking file consists of this notice, the proposed text of the regulations, the initial statement of reasons, the escalation analysis, and the Procurement Division's Procedure for Price Analysis (1997). Copies may be obtained by contacting Melodie Cato at the address, phone number, or email listed above. Copies of this notice, the proposed text of the regulations, the initial statement of reasons, and the escalation analysis may be also viewed and downloaded from the DGS Web site at www.pd.dgs.ca.gov/smbus/default.htm.

AVAILABILITY OF CHANGED OR MODIFIED TEXT

After holding the hearing and considering all timely and relevant comments received, the DGS may adopt the proposed regulations substantially as described in this notice. If the DGS makes modifications, which are sufficiently related to the originally proposed text, it will make the modified text with the changes clearly indicated available to the public for at least 15 days before the DGS adopts the regulations as revised. Please send requests for copies of any modified regulations to the attention of Melodie Cato at the address indicated above. The DGS will accept written comments on the modified regulations for 15 days after the date on which they are made available.

AVAILABILITY OF THE FINAL STATEMENT OF REASONS

Upon its completion, copies of the Final Statement of Reasons may be obtained by contacting Ms. Cato at the address, phone number, or email listed previously in this Notice.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303 and 87304 of the Government Code to review proposed conflict of interest codes, will review the proposed/amended conflict of interest code of the following:

ANDERSON-COTTONWOOD IRRIGATION DISTRICT

A written comment period has been established commencing on **June 9, 2006** and closing on **July 24, 2006**. Written comments should be directed to the Fair Political Practices Commission, Attention Tara Stock, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict of interest code will be submitted to the Commission's Executive Director for his review; unless any interested person or his or her duly authorized requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code will be submitted to the Commission for review.

The Executive Director or the Commission will review the above-referenced conflict of interest code, proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director or the Commission, upon his or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict of interest code. Any written comments must be received no later than **July 24, 2006**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not “costs mandated by the state” as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code reviewing body for the above conflict of interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict of interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict of interest code(s) should be made to Tara Stock, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

AVAILABILITY OF PROPOSED CONFLICT OF INTEREST CODES

Copies of the proposed conflict of interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to Tara Stock, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, under the authority vested in it by section 83112 of the Government Code, proposes to adopt, amend, or repeal regulations in title 2, division 6 of the California Code of Regulations. The Fair Political Practices Commission will consider the proposed regulations at a public hearing on or after July 12, 2006, at 9:45 a.m. Written comments must be received at the Commission offices no later than 5:00 p.m. on July 10, 2006.

BACKGROUND/OVERVIEW

The proposed amendments to regulation 18944 under the Political Reform Act (Government Code sections 81000-91014) relate to gifts given to an official's or candidate's immediate family members.

These changes are proposed, in part, to further codify the Commission's opinion, *In re Cory* (1976) 2 FPPC Ops. 48, with regard to gifts given to an official but intended for use by the official's child (such as baby shower gifts). The amendments are also made to reflect Commission advice regarding circumstances that may negate a donor's intent to make an indirect gift to an official.

REGULATORY ACTION

The Commission will consider the following:

- Adding a new subdivision (a) to regulation 18944 to clarify that a single gift given to both a public official or candidate (hereinafter “official”), and one or more members of the official's immediate family, is a gift to the official for the full value of the gift.
- Subdivision (b), is amended to clarify that gifts given directly to members of an official's immediate family are *not* gifts to the official *unless* the gifts confer a “personal benefit” on the official, as defined in this subdivision.
- Subdivision (c) states that notwithstanding the provisions in subdivision (b), a gift given to a member of an official's immediate family is *not* a gift to the official, if the official can show that there was no donor intent to make a gift to the official, as illustrated in factors that include, but are not limited to: (1) a working or social relationship between donor and recipient; (2) the nature of the gift; and (3) the manner in which the gift is offered or delivered.

The Commission may adopt the language noticed in these proposed regulations, or it may choose new lan-

guage to implement its decisions concerning the issues identified above or related issues.

FISCAL IMPACT STATEMENT

Fiscal Impact on Local Government. These regulations will have no fiscal impact on any local entity or program.

Fiscal Impact on State Government. These regulations will have no fiscal impact on any state entity or program.

Fiscal Impact on Federal Funding of State Programs. These regulations will have no fiscal impact on the federal funding of any state program or entity.

AUTHORITY

Section 83112 provides that the Fair Political Practices Commission may adopt, amend, and rescind rules and regulations to carry out the purposes and provisions of the Political Reform Act.

REFERENCE

The purpose of these regulations is to implement, interpret and make specific Government Code section 82028.

CONTACT

Any inquiries should be made to Emelyn Rodriguez, Fair Political Practices Commission, 428 J Street, Suite 800, Sacramento, CA 95814; telephone (916) 322-5660 or 1-866-ASK-FPPC. Proposed regulatory language can be accessed at www.fppc.ca.gov.

ADDITIONAL COMMENTS

After the hearing, the Commission may adopt or repeal the proposed regulations if they remain substantially the same as described or as in the text originally made available to the public. The Commission may make changes to the proposed regulations before their adoption or repeal.

TITLE 11. COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING

Notice is hereby given that the Commission on Peace Officer Standards and Training (POST) proposes to amend regulations in Chapter 2 of Title 11 of the California Code of Regulations. This proposal is made pursuant to the authority vested by Penal Code §13503 — powers of the Commission on POST, and § 13506 —

Commission on POST authority to adopt regulations. This proposal is intended to interpret, implement, and make specific Penal Code §13503(e) — Commission on POST authority to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses, §13519.12 — Commission on POST authority to establish training standards involving the responsibilities of first responders to terrorism incidents and training standards for related instruction.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Senate Bill 1350 (McPherson), signed into law and enacted in Penal Code §13519.12, requires POST to:

1. Establish training standards for and develop a course of instruction to address the responsibilities of first responders to terrorism incidents that:
 - Includes criteria for the curriculum content required by Homeland Security Presidential Directive-5 (Managing Domestic Incidents).
 - Covers the required federal and state training needs of peace officers who may be tasked to respond to an emergency incident.
 - Is developed in consultation with the Governor’s Office of Emergency Services (OES) and subject matter experts.
2. Use a variety of formats to develop a course of instruction to train trainers and first responders for maximizing the availability and delivery of this training.

POST has developed the eight-hour Basic Course for Response Personnel (SEMS/NIMS/ICS) and the twenty-four hour Train-the-Trainer Course for Response Personnel (SEMS/NIMS/ICS) instructor courses. Both courses meet or exceed the content requirements identified by the National Information Center (NIC). The POST Commission approved both courses in April 2006. The Department of Homeland Security (DHS), Office of Grants and Training (G&T) also approved the course as meeting or exceeding all federal training requirements and as consistent with requirements of Government Code 8607.

The proposed changes to Regulations 1070, 1081, and 1082 would:

- Provide standardized delivery of first responder to domestic incidents.
- Require instructors to complete the POST-certified twenty-four-hour trainer course prior to the delivery or presentation of the eight-hour basic course
- Specify the curriculum content for both courses.

As indicated in HSPD-5 all federal, state, local, and tribal governments must comply with the implementa-

tion and training requirements prior to October 1, 2006. HSPD-5 requires all agencies to use the National Incident Management System (NIMS) and Government Code 8607 requires the use of the Standardized Emergency Management System (SEMS) when responding to incidents in California.

Federal requirements require that all government employees who may be tasked to respond to an incident must receive specified levels of training. The two courses meet or exceed all federal and state training requirements that are currently in effect.

PUBLIC COMMENT

The Commission hereby requests written comments on the proposed actions. *POST must receive all written comments no later than 5:00 p.m. on July 24, 2006.* Please direct any written comments to Kenneth J. O'Brien, Executive Director, Commission on POST, 1601 Alhambra Boulevard, Sacramento, CA, 95816-7083, or by fax at 916.227.2801.

A public hearing is not scheduled. Pursuant to Government Code Section 11346.8, any interested person, or his/her duly authorized representative, may request a public hearing. POST must receive the written request for a public hearing no later than 15 days prior to the close of the public comment period.

ADOPTION OF PROPOSED REGULATIONS

Following the close of the public comment period, the Commission may adopt the proposal substantially as set forth without further notice, or the Commission may modify the proposal if such modifications remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before the date of adoption, the text of any modified language, clearly indicated, will be made available, at least 15 days before adoption, to all persons whose comments were received by POST during the public comment period and to all persons who request notification from POST of the availability of such changes. Please address requests for the modified text to the agency official designated in this notice. The Commission will accept written comments on the modified text for 15 days after the date on which the revised text is made available.

TEXT OF PROPOSAL, RULEMAKING FILE, AND INTERNET ACCESS

Information regarding the proposed regulatory action can be found on the POST website at www.post.ca.gov/RegulationNotices/RegulationNotices.asp as follows:

- POST bulletin and Notice of Proposed Regulatory Action
- Text of Proposed Regulatory Action
- Initial Statement of Reasons.

Anyone who does not have Internet access may request a copy of the documents listed above by calling 916.227.4847 or by submitting a written request to the contact person listed below. Please refer to POST Bulletin 2006-08. The rulemaking file contains the above-mentioned documents and all information upon which this proposal is based. The file will be maintained for inspection during the Commission's normal business hours (Monday through Friday, 8 a.m. to 5 p.m.).

The Final Statement of Reasons will be prepared after the close of the public comment period. A copy may be requested via the above phone number, or by writing to the address under Contact Persons at the end of this notice, or by viewing the document on the POST website at the address cited above.

ESTIMATE OF ECONOMIC IMPACT

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Non-Discretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Costs to any Local Agency or School District for Which Government Code Section 17561 Requires Reimbursement: None

Significant Statewide Adverse Economic Impact Directly Affecting California Businesses, including Small Business: The Commission on Peace Officer Standards and Training has made an initial determination that the amended regulations will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability to compete with businesses in other states. The Commission on Peace Officer Standards and Training has found that the proposed amendments will have no affect on California businesses, including small businesses, because the Commission sets selection and training standards for law enforcement and does not impact California businesses, including small businesses.

Cost Impacts on Representative Private Persons or Businesses: The Commission on Peace Officer Standards and Training is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation would have no affect on housing costs.

ASSESSMENT

The adoption of the proposed regulation amendments will neither create nor eliminate jobs in the State of California and will not result in the elimination of existing businesses or create or expand businesses in the State of California.

CONSIDERATION OF ALTERNATIVES

To take this action, the Commission must determine that no reasonable alternative considered by the Commission, or otherwise identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective as and less burdensome to affected private persons than the proposed action.

CONTACT PERSONS

Please direct any inquiries pertaining to the proposed action by mail to Patricia Cassidy, Associate Analyst, Commission on POST, 1601 Alhambra Boulevard, Sacramento, CA 95816-7083, by telephone at 916.227.4847, by FAX at 916.227.5271, or by email at Pat.Cassidy@post.ca.gov. The back-up contact person for this proposal is Donald Lane, Senior Consultant, Homeland Security Training Program at POST. He is available by telephone at 916.227.3916, or by email at Donald.Lane@post.ca.gov.

TITLE 11. COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING

Notice is hereby given that the Commission on Peace Officer Standards and Training (POST) proposes to amend regulations in Chapter 2 of Title 11 of the California Code of Regulations. This proposal is made pursuant to the authority vested by Penal Code §13503 — powers of the Commission on POST, and §13506 — Commission on POST authority to adopt regulations. This proposal is intended to interpret, implement, and make specific Penal Code §13503(e) — Commission on POST authority to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses, §13519.12 — Commission on POST authority to establish training standards involving the responsibilities of first responders to terrorism incidents and training standards for related instruction.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Senate Bill 1350 (McPherson), signed into law and enacted in Penal Code §13519.12, requires POST to:

1. Establish training standards for and develop a course of instruction to address the responsibilities of first responders to terrorism incidents as follows:
 - The course includes criteria for the curriculum content recommended by the Emergency Response Training Advisory Committee (ERTAC).
 - The course covers the training needs of peace officers at a managerial or supervisory level and below when assigned to field duties.
 - The course development is in consultation with the Department of Justice and subject matter experts.
2. Use a variety of formats to develop a course of instruction to train trainers and first responders for maximizing the availability and delivery of this training.

Therefore, POST has developed the eight-hour Public Safety Communications Terrorism Awareness Course (PSC-TAC) and the twenty-four hour Public Safety Communications Terrorism Awareness Instructor Course (PSC-TAIC). Both courses meet or exceed the content requirements identified in SB 1350 and the law enforcement tasks identified by the Office of Grants and Training (G&T). The POST Commission approved both courses in April 2006. The federal Office of Grants and Training (G&T) approved the courses as conforming to federal training requirements for public safety communications personnel.

The proposed changes to Regulations 1070, 1081, and 1082 would:

- Provide standardized delivery of first responder to terrorism training statewide
- Require instructors to complete the POST-certified twenty-four-hour trainer course prior to the delivery or presentation of the eight-hour awareness course
- Specify the curriculum content for both courses.

As indicated in Penal Code §13519.12, each law enforcement agency executive may determine the members of their agency to receive the emergency response to terrorism incidents training. The persons to be trained may include, but are not limited to, peace officers who perform general law enforcement duties at a managerial or supervisory level or below and who are assigned to field duties. Public Safety communications personnel are part of the emergency response system in California and need to be trained in many of the core elements of

the training received by their sworn counterparts. Federal training requirements and tasks for communications personnel are included in the Federal Training Plan.

PUBLIC COMMENT

The Commission hereby requests written comments on the proposed actions. *POST must receive all written comments no later than 5:00 p.m. on July 24, 2006.* Please direct any written comments to Kenneth J. O'Brien, Executive Director, Commission on POST, 1601 Alhambra Boulevard, Sacramento, CA, 95816-7083, or by fax at 916.227.2801.

A public hearing is not scheduled. Pursuant to Government Code Section 11346.8, any interested person, or his/her duly authorized representative, may request a public hearing. POST must receive the written request for a public hearing no later than 15 days prior to the close of the public comment period.

ADOPTION OF PROPOSED REGULATIONS

Following the close of the public comment period, the Commission may adopt the proposal substantially as set forth without further notice, or the Commission may modify the proposal if such modifications remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before the date of adoption, the text of any modified language, clearly indicated, will be available, at least 15 days before adoption, to all persons whose comments POST received during the public comment period and to all persons who request notification from POST of the availability of such changes. Please address requests for the modified text to the agency official designated in this notice. The Commission will accept written comments on the modified text for 15 days after the date on which the revised text is made available.

Costs to any Local Agency or School District for Which Government Code Section 17561 Requires Reimbursement: None

Significant Statewide Adverse Economic Impact Directly Affecting California Businesses, including Small Business: The Commission on Peace Officer Standards and Training has made an initial determination that the amended regulations will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability to compete with businesses in other states. The Commission on Peace Officer Standards and Training has found that the proposed amendments will have no affect on California businesses, including small businesses, because the Commission sets selection and training standards for law enforcement and does not impact California businesses, including small businesses.

Cost Impacts on Representative Private Persons or Businesses: The Commission on Peace Officer Standards and Training is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation would have no affect on housing costs.

ASSESSMENT

The adoption of the proposed regulation amendments will neither create nor eliminate jobs in the State of California and will not result in the elimination of existing

businesses or create or expand businesses in the State of California.

CONSIDERATION OF ALTERNATIVES

To take this action, the Commission must determine that no reasonable alternative considered by the Commission, or otherwise identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective as and less burdensome to affected private persons than the proposed action.

CONTACT PERSONS

Please direct any inquiries or comments pertaining to the proposed action by mail to Patricia Cassidy, Associate Analyst, Commission on POST, 1601 Alhambra Boulevard, Sacramento, CA 95816-7083, by telephone at 916.227.4847, by FAX at 916.227.5271, or by email at Pat.Cassidy@post.ca.gov. TITLE 11. COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING

Notice is hereby given that the Commission on Peace Officer Standards and Training (POST) proposes to amend regulations in Chapter 2 of Title 11 of the California Code of Regulations. This proposal is made pursuant to the authority vested by Penal Code sections 13503 (powers of the Commission on POST) and 13506 (Commission on POST authority to adopt regulations). Implementation of this proposal will interpret, implement, and make specific Penal Code section 13503(e) (Commission on POST authority to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses).

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

California law enforcement employs less-than-lethal force weaponry in specified situations. This weaponry may include chemical weapons, several types of electronic weapons, and projectile weapons. POST currently certifies numerous operator-training courses for less-than-lethal force weaponry, with varying curriculum content and varying course hours, from four to nine

hours. Several course titles include the word "TASER," which is one brand of electronic weapons.

At its October 27, 2005, meeting, POST Commissioners voted unanimously to standardize California electronic weapons training by adopting four-hour course minimum and specific curriculum requirements for electronic weapons training courses. The recommended four hours minimum resulted from the input of subject matter experts and an analysis of hours currently devoted to existing electronic weapons training courses. Subject matter experts also assisted POST staff in developing the curriculum requirements.

POST is proposing the standardization of electronic weapons training for the following reasons:

1. According to survey data published by the California Police Chiefs Association in June 2005, the majority of the responding California police departments authorize the use of electronic weapons.
2. The controversy surrounding the use of electronic weapons by law enforcement as a force option has brought unwanted publicity and controversy to law enforcement. Some deaths have occurred following the use of electronic weapons. These deaths are the result of many other mitigating circumstances, (i.e., drug use, existing medical condition and others), with the use of an electronic weapon being suspected as a contributing factor.
3. Although several legislative attempts to mandate training for officers who carry electronic weapons were unsuccessful, it would appear that legislation is likely in the near future. POST usually adopts minimum curriculum requirements for training courses in conjunction with legislative direction and a statutory enactment. However, POST has in the past exercised leadership on certain issues by standardizing training when there was compelling reason to do so.

With regard to the use of the copyrighted acronym "TASER" in earlier course titles, POST will not use this term in its courses or materials. The "TASER" is a brand of electronic weapon; the word is an acronym "Thomas A. Swift's Electric Rifle." Because at least two other brands exist and other brands may become available, POST will certify courses that address TASER style weapons as Electronic Weapons course. POST training materials and regulations need to refer to "electronic weapons" generically, just as we refer to "firearms" generically as opposed to "Glock" or "Smith & Wesson." This also means that electronic weapons courses will address only this type of weaponry; the curriculum will not cover any other less-than-lethal force weaponry weapon.

The affect on law enforcement is the training will not be mandatory for peace officers, but all peace officers who attend the POST–certified training will receive the same standardized minimum topics on electronic weapons courses. Adoption of the proposed regulation will standardize training. All POST–certified electronic weapons courses will contain required minimum hours and standardized curriculum topics, to ensure that the training addresses critical issues without infringing on department policy. Training presenters will be allowed to exceed the minimum hours and curriculum standards. Because a department can supplement the course content with agency–specific training, the standardized training does not infringe on department policy.

PUBLIC COMMENT

The Commission hereby requests written comments on the proposed actions. *POST must receive all written comments no later than 5:00 p.m. on July 24, 2006.* Please direct any written comments to Kenneth J. O’Brien, Executive Director, Commission on POST, 1601 Alhambra Boulevard, Sacramento, CA, 95816–7083, or by fax at 916.227.2801.

A public hearing is not scheduled. Pursuant to Government Code Section 11346.8, any interested person, or his/her duly authorized representative, may request a public hearing. POST must receive the written request for a public hearing no later than 15 days prior to the close of the public comment period.

ADOPTION OF PROPOSED REGULATIONS

Following the close of the public comment period, the Commission may adopt the proposal substantially as set forth without further notice or the Commission may modify the proposal if such modifications remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before the date of adoption, the text of any modified language, clearly indicated, will be made available, at least 15 days before adoption, to all persons whose comments were received by POST during the public comment period, and to all persons who request notification from POST of the availability of such changes. Please address requests for the modified text to the agency official designated in this notice. The Commission will accept written comments on the modified text for 15 days after the date on which the revised text is made available.

TEXT OF PROPOSAL, RULEMAKING FILE, AND INTERNET ACCESS

The following information regarding the proposed regulatory action is available on the POST website at <http://www.post.ca.gov/RegulationNotices/Regulation-Notices.asp>:

ASSESSMENT

The adoption of the proposed regulation amendments will neither create nor eliminate jobs in the state of California, and will not result in the elimination of existing businesses or create or expand businesses in the State of California.

CONSIDERATION OF ALTERNATIVES

To take this action, the Commission must determine that no reasonable alternative considered by the Commission, or otherwise identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective as and less burdensome to effected private persons than the proposed action.

TITLE 22. EMPLOYMENT TRAINING PANEL

NOTICE OF PROPOSED RULEMAKING

NOTICE IS HEREBY GIVEN that the Employment Training Panel (Panel) proposes a series of regulatory actions.

Specifically, the Panel proposes to amend Title 22, California Code of Regulations Sections 4413, 4445 and 4450. These regulations establish standards for ETP contracting and subcontracting. The amendments

would eliminate unnecessary requirements and procedures; and conform those remaining to a well-established body of contract law and administrative law.

The Panel also proposes to repeal Title 22, California Code of Regulations Sections 4412.2, 4445.1 and 4446. These sections impose requirements that are unnecessary or inconsistent with other governing law, or they establish procedures that are no longer in use

AUTHORITY AND REFERENCE

The Panel's rulemaking authority is set forth at Section 10205(m) of the Unemployment Insurance Code (UI). The proposed regulatory action would implement, interpret and make specific UI Code Sections 10200, 10205, 10206, 10207, 10208, 10209 and 10210; and, Government Code Section 11410.40.

INFORMATIVE DIGEST

Proposed Amendments

Pursuant to Unemployment Insurance Code Section 10205, the Panel is authorized to enter into contracts to fund training projects following its approval of proposals; the contract process is specifically exempt from competitive bidding requirements. In turn, the contractors may "subcontract" with third party training entities, subject to approval by the Panel, pursuant to Unemployment Insurance Code Section 10208. Some terms and conditions of the Panel's contracts are established in the Unemployment Insurance Code, *passim*. For example, Section 10200 establishes eligibility criteria. However, other terms and conditions, such as amendments and retroactivity, are also governed by the well-established body of contract law in the course of contract negotiations. The proposed amendment of Section 4413 and Section 4445 would, in large part, revert to this "common law" of contracts, within the scope of the enabling law at Unemployment Insurance Code Section 10200 *et seq.*

The Panel is implicitly authorized to consider appeals as a necessary adjunct of its administrative duties under the enabling law, and in furtherance of the doctrine by which the courts require appellants to exhaust administrative remedies. In general, appeal procedures are governed by the constitutional concept of due process, and by the necessity of court procedures when an adverse decision is appealed to Superior Court under the mandamus proceedings at Code of Civil Procedure Section 1094.5. These procedures may also be guided by the Administrative Procedures Act (APA) at Government Code Section 11500 *et seq.* The proposed amendment of Section 4450 would remove unnecessary restrictions on appellants, in accordance with due process; clarify existing procedures; and, reference the Code of Civil Procedures and the APA.

Proposed Repeals

Pursuant to Unemployment Insurance Code Section 10206(a)(1)(D), consultants are barred from charging contractors a percentage of the approved amount of funding for pre-development and development work. Title 22, California Code of Regulations Section 4412.2 repeats this statutory provision, and extends it to post-development work, which is unnecessary and overly restrictive.

Under the existing body of contract law, as discussed above, termination provisions are well-established and subject to negotiation. Section 4445.1 purports to establish termination provisions and procedures, which is unnecessary. This regulation is also overly restrictive insofar as it purports to limit the time period in which the Panel may terminate without cause. It also sets forth standards for an internal procedural memorandum that is unnecessary and non-regulatory.

Unemployment Insurance Code Section 10205(g) requires the Panel to ensure the provision of adequate fiscal and accounting controls. In addition, the State Controller's Office and Department of Finance have established standard fiscal and accounting controls as inter-agency procedures. The type of controls set forth in Section 4446, are unnecessary because they repeat existing controls such as the accounting estimate of forthcoming expenditures. Section 4446 also places an unnecessary restriction on the time period for disencumbrance.

The proposed regulatory actions are discussed in more detail below:

Amend Section 4413 — Subcontracts

Existing Section 4413 sets forth detailed requirements for subcontracts, including specific terms and conditions. Although the terms of a subcontract are subject to oversight by ETP, these requirements are largely unnecessary and overly restrictive on the subcontracting parties. The proposed amendment recognizes that the subcontract is an agreement between the contractor and a third party.

This regulation sets forth specific terms for a subcontract in subsection (b)(1)–(5) and (9)–(10) that would be eliminated, leaving said terms open to negotiation between the subcontracting parties. The remaining requirements, in subsection (b)(6)–(8), would be amended and renumbered for the purpose of clarity.

Subsection (c) would be amended to eliminate an indemnification provision used in state procurement contracts, which does not apply to subcontracting parties under the ETP program. (See UI Code Section 10205(c).) Instead, the issue of liability would be expressed in terms of the existing obligations of the contractor, relative to third-party services. Subsection (d) would be eliminated, but since sub-tier contracts are

another form of subcontract these issues would still be addressed elsewhere in Section 4445.

Subsection (e) would be added to express the “administrative fee cap” in ETP contracts, which is designed to curtail the possibility of inflated fees.

Subsection (f), as amended, would set forth the Panel's authority to review subcontracts and amendments thereto. This amendment would also clarify when, and in what format, written subcontracts (and amendments) must be submitted.

Amend Section 4445 — Contract Performance /Amendments

Section 4445 governs “retroactive” contract amendments, and the standards by which the Panel would amend an existing contract or approve a repeat contract proposal. Overall, this regulation would be amended in a manner that is consistent with well-established principles of contract law.

Subsection (a) purports to prohibit the Panel from approving “retroactive” amendments. This provision would be eliminated, leaving the time-period of an amendment open to negotiation between the parties. However, it would be clarified in revised subsection (b) that contract amendments cannot be approved after the contract term has ended.

Subsection (c) provides that the Panel must review a contractor's past performance when considering a repeat contract proposal, according to a non-inclusive list of criteria. This subsection would be amended to clarify that the same standards apply to consideration of a contract amendment.

Subsection (d) would be added to define the term “encumbered” in subsection (c) to clarify for the public what the term means.

Amend Section 4450 — Appeals

Existing Section 4450 governs the procedural aspects of formal appeals to the Executive Director, the Panel, and ultimately Superior Court. However, because the procedures in Section 4450 are not consistent with basic principles of formal administrative appeal, this Section must be amended.

Subsection (a) now provides for the appeal of any adverse staff decision. In fact, only a final decision can be appealed, because until then the issues and facts are not fully developed. The proposed amendment would clarify that only final decisions can be formally appealed.

Subsection (b) would be added to clarify the three levels of a formal appeal. As amended, subsection (b)(1) would require appellants to identify the issues and facts in dispute; and to provide supporting documentation as needed for the Executive Director to make a determination.

Subsection (b)(2) would set forth the 10-day time period for submitting an appeal to the Panel, and would re-

quire the same type of statement/documents as at the first level of appeal. Here, the emphasis is on providing argument as to why the Executive Director's determination should be reversed. The remaining amendments would incorporate the provisions that are now under subsections (a)(4) and (5), for clarity.

As amended, subsection (b)(2) would clarify that the Panel may accept sworn witness testimony if it chooses to conduct a hearing. The proposed amendment would also clarify that the Panel may choose to follow the hearings part of the Administrative Procedures Act (APA) to the extent it deems relevant and necessary.

Subsection (a)(2)(B) would be amended to eliminate the requirement that appellants must provide an original and two copies of evidence in a tabbed, numbered and indexed format. Subsection (b)(2)(C) would be added to summarize the well-established procedures for creating and closing an administrative hearing record. This subsection would also establish a time period for the Panel's ruling, based on the 60-day period for appeal to the Executive Director.

Subsection (a)(4) would be eliminated, allowing ETP to accept a formal appeal even if it is sent to an address other than the central office. Subsection (d) would be amended to extend the right to adjust time periods to the first level of appeal, for good cause.

Other minor amendments are proposed to re-order the presentation of certain aspects of the appeal process, for clarity.

Repeal Section 4412.2 — Third Party Fees

UI Section 10206(a)(1)(D) forbids a third-party consultant from charging a percentage of the approved amount of funding for services related to the development phase of a training proposal. The primary purpose of the statutory prohibition is to prevent consultants from inflating proposals in order to obtain a correlative rise in fees. Section 4412.2 prohibits a third-party consultant from charging fees a percentage of the approved amount of funding for services related to the administration phase of a training proposal. When this regulation is repealed, contractors and consultants will be able to negotiate administrative fees as authorized (not prohibited) in statute.

Repeal Section 4445.1 — Termination Procedures

UI Section 10205(c) delegates broad authority to the Panel for soliciting and writing contracts to provide training funds. Section 4445.1 describes conditions and procedures for contract termination, and imposes a restriction on the Panel's right to terminate without cause until after the first six months of the contract term. There is no statutory requirement for this restriction. When this regulation is repealed, the Panel and its contractors will be able to negotiate termination provisions

in a manner that is consistent with well-established principles of contract law.

Repeal Section 4446 — Disencumbering Unearned Funds

Section 4446 requires the Panel to disencumber any unearned funds within six months of contract termination, absent an unresolved appeal or other unavoidable delay; and, to estimate the funds that may still be payable as invoiced after termination. There is no statutory requirement for these restrictions on disencumbering, which is a fiscal principle. When this regulation is repealed, the Panel will control or disencumber unearned funds as a routine aspect of managing and accounting for expenditures.

FISCAL DISCLOSURES

The Panel has made the following initial determinations regarding fiscal disclosures required by Section 11346.2 of the Government Code:

A. Fiscal Impact. The Panel has made an initial determination that the proposed regulatory action does not impose costs or savings requiring reimbursement under Section 17500 *et seq.* of the Government Code. Furthermore, this action does not impose non-discretionary costs or savings to any local agency; nor does it impact federal funding for the State.

The Panel has made an initial determination that the proposed regulatory action does not impose costs or savings to any State agency pursuant to Section 11346.1(b) or 11346.5(a)(6) of the Government Code. Furthermore, there are no fiscal impact disclosures required by State Administrative Manual Sections 6600–6670.

B. Cost Impacts. The Panel is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action. The same determination applies to housing costs. This action would clarify the Panel's standards for reviewing and funding training proposals. Thus, the costs incurred in submitting such a proposal should be reduced, if anything.

C. Adverse Impact on Business. The Panel has made an initial determination that the proposed regulatory action does not have any significant, statewide adverse economic impact directly affecting business, including the ability to compete. Indeed, the overall purpose of the Panel's program is to enhance the ability of California businesses to meet the challenge of competition from other states.

D. Effect on Small Business. The Panel has determined that the proposed regulatory action does not affect small businesses unless they seek training funds. Since this action would clarify and simplify the Panel's

standards for reviewing and funding training proposals, this would be a positive effect.

E. Effect on Jobs and Business Expansion. The Panel has made an initial determination that the proposed regulatory action would not create or eliminate jobs in California. Nor would it create new businesses or eliminate existing businesses in California. The Panel has made an initial determination that this action would not directly affect the expansion of businesses currently operating in California.

Nevertheless, the overall intent and purpose of the ETP program is to foster job creation and the retention of high-wage, high-skilled jobs that are threatened by out-of-state competition. (U.I. Code Section 10200(a).) The Panel must give funding priority to projects that would train new employees of firms locating or expanding in the state; train displaced workers, and develop workers with skills that prepare them for the challenges of a high performance workplace of the future. (U.I. Code Section 10200(b).) Thus, the Panel has made an initial determination that the proposed regulatory action may encourage the retention of jobs and businesses in California, insofar as they would enhance the Panel's ability to implement the purpose of the ETP program.

F. Imposed Mandate. The Panel has made an initial determination that the proposed regulatory action does not impose a mandate on local agencies or school districts.

REASONABLE ALTERNATIVES

The Panel has made an initial determination that there is no reasonable alternative to the proposed regulatory action that would be more effective in carrying out its purpose, or would be as effective and less burdensome to affected private parties. Interested persons are welcome to identify reasonable alternatives during the written comment period.

WRITTEN COMMENT PERIOD

A 45-day written comment period has been established beginning on June 9, 2006 and ending at 5:00 p.m. on July 24, 2006. Any interested person or his or her authorized representative may present written comments on the proposed action within that time period. Comments should be sent to:

Maureen Reilly, Acting General Counsel
Employment Training Panel, Legal Unit
1100 "J" Street, Fourth Floor
Sacramento, CA 95814
Telephone: (916) 327-5470
E-mail: mreilly@etp.ca.gov
FAX: (916) 327-5268

PUBLIC HEARING

A public hearing will not be held unless one is requested by an interested person, or his or her authorized representative. The request must be submitted in writing to Ms. Reilly at the address shown above no later than 5:00 p.m. at least 15 calendar days before the written comment period ends. The request should identify the specific regulatory action for which the hearing is requested.

MODIFICATIONS

Modifications to the text of the proposed regulatory action may be made after the public comment period. If so, they will be posted on the ETP Website at www.etp.ca.gov. They will also be available upon request to Ms. Reilly. Said modifications will be open to public comment for at least 15 days before their adoption, as noticed on the ETP Website.

AVAILABILITY OF DOCUMENTS

The Panel has prepared an Initial Statement of Reasons for the proposed action, and has compiled all information on which this action was based. This statement, along with the express text of the proposed action and the written information on which it was based, are available for inspection at the address shown above. Any inquiries should be directed to Ms. Reilly.

The Panel will prepare a Final Statement of Reasons at the conclusion of the public comment period. This final statement and the information on which it was based will also be available for inspection at the written comment address shown above.

This Notice of Proposed Rulemaking is posted on the ETP Website at www.etp.ca.gov. The Initial Statement of Reasons and the express text of the proposed action are also posted on the ETP Website.

CONTACT PERSONS

Requests for copies of the express text of the proposed regulatory action, along with the modified text (if any) and the Initial Statement of Reasons, should be directed to Ms. Reilly using the contact information shown above. In addition, the "rulemaking file" of written information on which the proposed action is based is available for inspection through Ms. Reilly. In the event Ms. Reilly is unavailable, inquiries regarding the proposed regulatory action should be directed through the Legal Unit Secretary, Terza Rodoni, at the same address and/or phone number listed above, or by email at trodoni@etp.ca.gov.

**CESA CONSISTENCY DETERMINATION FOR
Relocation of US 101 at Confusion Hill
Mendocino County**

The Department of Fish and Game (“Department”) received notice on May 19, 2006 that the California Department of Transportation (“Caltrans”) proposes to rely on consultations between federal agencies to carry out a project that may adversely affect species protected by the California Endangered Species Act (“CESA”). This project consists of the relocation of US 101 between post-mile 98.9 and 100.8 in Mendocino County. The proposed project will move this portion of the highway from the east side of the South Fork Eel River to the west side because of frequent landslides and damage on the east side. The activities will impact riparian habitat and in-water fish habitat.

The National Marine Fisheries Service (“NMFS”) issued a no jeopardy federal biological opinion (151422SWR04SR9151:DJL) to the U.S. Department of Transportation on November 4, 2005 which authorizes incidental take of the federally and state threatened Southern Oregon/Northern California Coast ESU Coho Salmon (*Oncorhynchus kisutch*). Subsequently, NMFS issued a letter amendment (151422SWR2006SR00125:DJL), which incorporated water drafting activities into the project description.

The Department previously found that biological opinion 151422SWR04SR9151:DJL was consistent with CESA. Pursuant to California Fish and Game Code Section 2080.1, Caltrans is requesting a determination that the amendment 151422SWR2006SR00125:DJL is consistent with CESA. If the Department determines that the amended biological opinion is consistent, Caltrans will not be required to obtain a separate incidental take permit under Fish and Game Code section 2081 for the project.

TO CAUSE
REPRODUCTIVE TOXICITY

The Office of Environmental Health Hazard Assessment (OEHHA) of the California Environmental Protection Agency is adding a chemical to the list of chemicals known to the State to cause reproductive toxicity for purposes of the Safe Drinking Water and Toxic

Enforcement Act of 1986 (Proposition 65¹). The chemical is *environmental tobacco smoke (ETS)*. *Environmental tobacco smoke (ETS)* is listed effective **June 9, 2006**.

Environmental tobacco smoke (ETS) was considered by the “state’s qualified experts” (the Developmental and Reproductive Toxicant (DART) Identification Committee of the OEHHA Science Advisory Board²) at a public meeting held on May 24, 2006. The DART Identification Committee determined that *environmental tobacco smoke (ETS)* was clearly shown, through scientifically valid testing according to generally accepted principles, to cause developmental toxicity. Regulations governing the criteria for listing of chemicals by the “state’s qualified experts” (DART Identification Committee) mechanism are set out in Title 22, California Code of Regulations, section 12305(b)(1).

A complete, updated chemical list is published elsewhere in this issue of the *California Regulatory Notice Register*.

In summary, the following chemical is being listed under Proposition 65 as ***known to the State to cause reproductive toxicity***:

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor revise and republish

at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikethrough were placed on the list with the date noted, and have subsequently been removed.

SUMMARY OF REGULATORY ACTIONS

REGULATIONS FILED WITH SECRETARY OF STATE

This Summary of Regulatory Actions lists regulations filed with the Secretary of State on the dates indicated. Copies of the regulations may be obtained by contacting the agency or from the Secretary of State, Archives, 1020 O Street, Sacramento, CA, 95814, (916) 653-7715. Please have the agency name and the date filed (see below) when making a request.

BOARD OF EDUCATION
Reporting

Education Code section 52052(h) requires that the Superintendent, with the approval of the State Board of Education, develop an alternative accountability sys-

tem for certain schools, including alternative schools which encompass continuation high schools and independent study schools. BOED currently requires each school participating in the (Alternative Schools Accountability Model) ASAM that selects a pre-post assessment instrument (an assessment instrument available for adoption as an indicator of achievement by schools in the ASAM) to report pre-post assessment indicator data by July 31. This requirement is found in title 5, CCR section 1074. This rulemaking changes the reporting deadline for the Pre-Post Assessment Indicators in the ASAM from July 31 to October 28 each year. This will bring reporting deadlines into alignment by having the same deadline for all ASAM indicators and also improve reporting because school staff is generally not available on the present deadline of July 31.

CONTRACTORS STATE LICENSE BOARD
 Substantial Relationship, Rehabilitation, and
 Reapplication Criteria

This regulation package overhauls the criteria used to determine whether an applicant or suspended licensee is rehabilitated from the conviction of a crime or the commission of other “acts” that likely impair the ability of the individual to be a good contractor. CSLB applies the time frames of Penal Code section 4852.03 to its definition of rehabilitation and its determination of when an applicant who has been denied a license may reapply for a license.

DEPARTMENT OF MENTAL HEALTH
 Mental Health Services Act

On December 30, 2005, the Department of Mental Health (DMH) submitted to the Office of Administrative Law (OAL), and OAL filed with the Secretary of State (SOS), an emergency regulatory action which implemented Proposition 63, the Mental Health Services Act. Section 5898 of the Welfare and Institutions Code provides that such regulations, if adopted in 2005, are deemed an emergency, exempt from the review of OAL, and shall remain in effect as emergency regulations for no more than one year. On January 13, 2006, DMH submitted an amendment to these emergency regulations, by way of a new subsection (b) to section 3400, which was approved by OAL and filed with the SOS on January 23, 2006. Subsection (b) of section 3400 provides requirements for programs and/or services provided with Mental Health Services Act funds. This regulatory filing is a readoption of this latter emergency amendment.

FAIR POLITICAL PRACTICES COMMISSION
 Exceptions to Gift & Exceptions to Gift Limits

This action amends the section to include food, beverages, entertainment and nominal benefits as exempt from the definition of “gifts” if the gifts are exchanged between individuals required to file disclosure forms and any other individual so long as the gifts are not disproportionate in value. It also makes numerous universal form citation changes to the California Code of Regulations (e.g., “California Code of Regulations, Title 2, Section 18942.1” changed to “2 Cal. Code Regs section 18942.1”).

OAL’s review of FPPC proposed regulations is limited to the provisions of the APA as it was enacted on June 4, 1974, when voters adopted the California Political Reform Act. (*Fair Political Practices Commission v. Office of Administrative Law, Linda Stockdale Brewer*, (April 27, 1992, C010924 [nonpub. opn.]). As such, OAL’s review is limited to determining if the proposed regulations comply with “the form and style prescribed by the Secretary of State. If the department approves the regulation or order of repeal for filing, it shall endorse on the certified copy thereof its approval for filing and shall transmit such copy to the Secretary of State.” (Former Gov. Code, section 11380.2, repealed by Stats. 1979, ch. 467, § 2.)

FAIR POLITICAL PRACTICES COMMISSION
Disclosure Under Section 84308

This action adopts 2 Cal. Code Regs. section 18438.5 (an existing, but empty number) and amends section 2 Cal. Code Regs. section 18438.8. Section 18438.5 requires that campaign contributions made by a party's "parent, subsidiary, or otherwise related business entity" (defined elsewhere in California Code of Regulations) and the party be treated as if all of the contributions were received from the same party for purposes of the \$250 threshold. Amended section 18438.8 implements the aggregate requirement of section 18438.5. It also allows written statements incorporated into the record, for purposes of disclosure, at a hearing regarding a license, permit or other entitlement if an officer is required to disclose receipt of contributions pursuant to Government Code section 84308(c).

OAL's review of FPPC proposed regulations is limited to the provisions of the APA as it was enacted on June 4, 1974, when voters adopted the California Political Reform Act. (Fair Political Practices Commission v. Office of Administrative Law, Linda Stockdale Brewer, (April 27, 1992, C010924 [nonpub. opn.]).) As such, OAL's review is limited to determining if the proposed regulations comply with "the form and style prescribed by the Secretary of State. If the department approves the regulation or order of repeal for filing, it shall endorse on the certified copy thereof its approval for filing and shall transmit such copy to the Secretary of State." (Former Gov. Code, section 11380.2, repealed by Stats. 1979, ch. 467, § 2.)

STATE PERSONNEL BOARD
Voluntary Transfers Between Classes-Bargaining Unit 10 Employees

This rulemaking concerns the voluntary transfers between rank and file classifications designated into Bargaining Unit 10. This section (2 CCR 433.1) restricts the transfer of employees into Bargaining Unit 10 rank and file classes unless individuals meet the minimum educational requirement, as identified in the respective classification specifications. It also provides for the exemption of certain designated classifications from the transfer restriction. This rulemaking deletes four classifications from those exempted from the transfer restriction.
